

# Stefano Martire

[martire.stefano@gmail.com](mailto:martire.stefano@gmail.com) | [stefano.martire.xyz](https://stefano.martire.xyz) | 30-01-2026

## EDUCATION

### PhD in Data Science and Computation

2020 - 2024

*Italian Institute of Technology*

- Designed and trained a neural network potential on 10M molecules reaching production accuracy;
- Supervised by Andrea Cavalli and Sergio Decherchi.

### BSc and MSc in Mathematics

2015 - 2020

*Università Cattolica del Sacro Cuore*

## PROFESSIONAL EXPERIENCE

### Co-founder and CTO

2024 -

*Brescia AI*

- Building vertical AI solutions to connect people with deep tech;
- Sbobbà AI, our transcription and summarization app, is now live at <https://sbobbà.ai>.

### AI Engineer

2024 -2026

*Digitiamo*

- Built an AI framework to automatically analyze conversations coming from an e-commerce chatbot gaining valuable insights on customers' desires;
- Created an ML algorithm that anonymizes an input text on the edge to later send it to a cloud LLM provider without leaking sensitive information.

## PUBLICATIONS

### OBIWAN: An Element-Wise Scalable FF Neural Network Potential

2024

*The quantum chemistry AI method resulting from my PhD studies.*

*J. Chem. Theory Comput.*

### Ipotesi di Sintesi dell'Intelligenza

2023

*Essay containing my vision and perspectives on the problem of artificial general intelligence.*

*Edizioni Altravista*

### Salendo su un foglio di carta

2020

*Divulgative mathematical book, co-authored with professor Alfredo Marzocchi.*

*Aracne editrice*

## IT SKILLS

**Backend:** Python, SQL, C, bash, FastAPI

**Frontend:** Javascript, HTML, CSS

**MLOps:** TensorFlow, PyTorch, JAX, pandas, NumPy, Matplotlib, scikit-learn

**DevOps:** Git, Docker, Singularity, conda

## PERSONAL PROJECTS

### Lombacovid

2020

[lombacovid.it](https://lombacovid.it)

- Established a periodic pulling from the national repository of Covid-19 clinical data in order to maintain a personal database;
- Visualised and served the aforesaid db to 5k distinct users (29k visits in total).
